Dear Parents,

Please note that Grade 3 to 9 students will take **Measures of Academic Progress** tests (**MAP**) this term instead of midterm exams for English, Math, Science and Biology. Please encourage students to prepare well and take the exam seriously since it will be part of the final total mark of these subjects.

MAP details such as the subjects and practice links will be shared weekly in WhatsApp groups.

Thanks for being partners in achieving the best for our students.

أولياء الأمور الكرام،
